NCE ALARMED AT EASTERN SITUATION

n That Japan Can Take ossession of Indo China.

ERAL LINEVITCH REPORTS

-Three Colliers Are Under Super- ion of French Gunboat—Russian ps In Danger of Striking Floating nes.

ris, May 20.—M. Francois Delon- Rep.), deputy for Indo China, has itted to the special parliamentary ittee on naval affairs, a remark- report on the urgent necessity for thening the defenses of Indo Chi ainst the peril of a Japanese in- n. "Indo China," he says, "has two enemies to fear, namely Ja- alone or China encouraged and rted by Japan. The former con- es a real danger, for Japan has to gain and little to risk and her ed position makes her almost in- rable to us. She could in a few throw 100,000 men into Indo and easily reinforce this first g party. The first phase of such ggle would consist of Japan's to secure mastery of the sea er to reinforce her troops. Owing pan's great superiority in naval in far eastern waters our feeble n would not risk a decisive bat- t would fall back upon our only base, Saigon. There it would lockaded as the Russians were aded within Port Arthur. With division thus bottled up Japan oppose the junction of the block- warships with the relief squadron having secured the mastery of the Japanese transports would be free and invading forces. She has two irable anchorages ready for her sports at Kamranh Bay and Port ot.

Russians Repulse Japanese.

t. Petersburg, May 20.—A dispatch m General Linevitch dated May ays:

A small detachment of the enemy 16 occupied Yandi Pass in the armies. The Japanese also to occupy Shahotse, but and retired southward. the Japanese approach- about 6 miles south of were forced to retire."

Gunboat Guards Colliers.

French Cochin-China, May orty-three colliers, mostly Rus- and German are anchored off Nha under the supervision of the nch gunboat Caronade. Twenty sim- ships are off Cape St. James, near e under the supervision of the nch cruiser d'Assas.

The Russian transport Kieff is still the commercial port of Saigon.

No more direct news of the Russian et is expected here beyond what ght be received from refugees ould fighting occur in th neighbor- of the Pescadore Islands.

Danger From Floating Mines.

St. Petersburg, May 20.—The Rus newspapers call attention to the ference with which the powers ntemplate the danger involving nav ation in Far Eastern waters owing to the Japanese floating mines contrast ing this with the harsh criticism ear- lier in the war when the Russians planted mines outside Port Arthur. The Novoe Vremya says:

"Although seven ships were blown up during the last fortnight the Brit- ish press, so vigilant wherever the seas are concerned, does not utter a word of reproach against its ally."

Funeral of Herbert Croker.

New York, May 20.—Funeral ser- vices over the body of Herbert Croker, the son of Richard Croker, who died suddenly in the west a few days ago, were held in the Church of St. Ag- nes. Mrs. Richard Croker, the moth- er, was too ill to attend and the Crok- er family was represented by Richard Croker, Jr., Misses Ethel and Florence Croker, Edward Croker, chief of the Fire Department, and Captain James Fisher of Mrs. Croker.

SITUATION IN PHILIPPINES.

General Wood Has Subdued the Rebellious Moros.

Manila, May 20.—The Moro outlaws against whom General Leonard Wood has been campaigning have been killed in action together with all principals.

The outlaws were supporters and followers of the Sultan of Sulu. The large chiefs of the island of Bolo were not involved. The outbreak was an aggregation of piratical outlaws and disorderly characters of Sulu and the other islands stretching down to Borneo.

The position selected by the outlaws for the battle was almost impenetrable jungle and exceedingly strong, prohibiting the use of artillery and necessitating close contact and an assault in two instaces. Geeral Wood's forces sustained a loss of nine killed and 21 wounded, all of whom are doing well. The constabulary had two killed. The latter were highly praised by General Wood, who said:

"The troops behaved splendidly, and performed this difficult service in a highly creditable manner."

General Wood has returned to Zamboanga with the troops.

PARRY RE-ELECTED PRESIDENT.

Manufacturers' Meeting Comes to an End—New York Next Year.

Atlanta, May 20.—Amid wild and stormy scenes and unparalleled enthusiasm, the National Association of Manufacturers concluded their business sessions in Atlanta Thurday afternoon at 1 o'clock, after electing officers, a new executive committee and choosing New York city as the next meeting place.

David M. Parry, of Indianapolis, after stirring debate and a heated contest, precipitated by an effort to override the nominating committee and elect D. A. Tompkins, of Charlotte, N. C., was finally unanimously elected president to succeed himself and Mr. Tompkins himself cast the unanimous ballot of the convention for him.

F. H. Stillman, of New York, was unanimously re-elected treasurer of the association, although the nominating committee had brought in the name of John Kirby, Jr., of Dayton, O. Mr. Kirby declined to allow his name to remain before the house and on motion of Mr. McCarroll, of New York, Mr. Stillman was chosen to succeed himself.

Robbers Make a Big Haul.

Chicago, May 20.—After cutting telephone wires leading to the jewelry store of Louis Antoine, in North avenue, three young robbers last night fastened the front and rear doors of the place with iron bars, then smashed in a large plate glass window in the front and escaped with diamond rings and gold watches valued at $2,500. The theft was committed in exactly the same manner as the robbery of the jewelry store of T. D. Lande, in West Madison street, last Tuesday night, and the police are convinced the same men were engaged in this robbery. The raid ocurred while the street was lighted brilliantly and while scores of persons were passing.

Tried to Blackmail Editor.

Omaha, May 20.—Morris S. Algee, a railroad man, has been arrested on a charge of attempted blackmail. The complainant is Edward Rosewater, editor of the Bee. He sets forth that on various occasions the defendant had approached Rosewater and used various means of intimidation in order to extract $1,750 from the plaintiff. The complaint against Rosewater charges unlawful relations with Lillian Algee the wife of the complainant. Damages in the sum of $5,000 is asked by Algee in a suit filed in the district court.

Convicted of Killing Boy.

Anoka, Minn., May 20.—The Columbia Heights hold-up trio, convicted of the brutal murder of little Freddie King in the Mingo saloon which they robbed on the night of Nov. 22 last, were sentenced during the afternoon, and will be taken to the state's prison at Stillwater to serve—Kalderwit for life and Hammon and Kolb each for 20 years—the maximum penalties for second and third degree murder, respectively, of which the men were convicted.

ARBITRATION NOW ORDER OF THE DAY

Meeting Will Be Held For That Purpose At Once.

GOMPERS HAS LEFT CHICAGO

The Teamsters' Union In Order to Prevent a spread of Strike Will Undoubtedly Agree to Arbitrate With Employes.

Chicago, May 20.—Overtures looking to a peaceful settlement of the teamsters' strike here was temporarily set aside today. Through the departure of President Gompers for Dayton, O., last night the chief influence upon which hopes of peace were centered was removed.

The defiant attitude of International President C. P. Shea and his bitterness toward the state street merchants whom he accuses of conspiring to wreck the teamsters' organization seemed to preclude the possibility of any definite steps toward an adjustment of the strike before the return of Mr. Gompers. Encouraged by the efforts at mediation, however, the president of the National Federation of Labor will hasten back to Chicago and expects to renew his negotiations tomorrow. Mr. Gompers admitted before his departure that the various conferences between representatives of both sides in the controversy had produced a more pacific feeling and this he argued would accomplish much toward fixing a common ground upon which terms of peace might be arranged. The aldermanic council held conferences today with representatives of the teamsters and with Attorney Levy Mayer for the employers. Chairman W. E. Devereaux expressed himself as satisfied with the progress made.

The most encouraging phase of the situation today was the change of front on the part of the teamsters in entering into negotiations with the team owners and considering a proposition from that body to arbitrate the question of delivery to the boycotted houses. Should the teamsters council at its meeting tonight accept the team owners' arbitration proffer it was generally believed today that the end of the strike is at hand. An adverse decision of an arbitration committee compelling the drivers to deliver goods wherever their employers should desire would be the signal for raising the strike against all business firms now affected except the State street department stores, the express companies and the coal concerns.

Officials of the teamsters' union, while admitting that the arbitration proposal of the team owners would be accepted by the teamsters' joint council tonight, denied today that this was to be taken as showing any weakness on the part of the strike against strike bound houses.

"To be sure this is arbitration of a principle rather than a condition," said A. J. Reed, secretary of the Furniture Drivers' union today. "It is a bad thing to arbitrate for it sets a bad precedent. However, in this case it may be the equitable thing to arbitrate it, so that a general tie up of the teaming industry may be averted. If the principles of delivery to strike bound houses by union drivers is submitted to arbitration in this case it will only be for the one case and then solely for the purpose of preventing a general spread of the strike to all the teaming interests in the city."

T. J. Cavanaugh, one of the prominent owners, said today there was no doubt in his mind than the teamsters would agree to arbitrate the delivery question tonight, principle or no principle.

"The strike will end tonight or tomorrow. There will be no claim of victory or defeat by either side. The employers will take back the teamsters who are worthy and desirable men and who have not violated the law."

This declaration was made by Sheriff Thomas E. Barrett today and was confirmed from several sources. Sheriff Barrett began at once to call in the extra deputies engaged in guarding wagons of the employers' teaming company, and discontinued the appointing of new deputies.

Mayor E. F. Dunne asserted that he had information from a source in which he has implicit confidence that the strike will come to an end within 24 hours or within 48 hours at the latest. There will be no formal declaration of a calling off of the boycott, he said.

The men who are re-employed will quietly go back to work and the ban will be lifted without demonstration of any sort.

BOMB EXPLOSION KILLS THREE.

Detectives Shadowing Men Fall Victims to Deadly Explosion.

Warsaw, May 20.—A workman who was trying to avoid the observation of two detectives on Miodowa street at noon today stumbled on the curb of the the sidewalk and a bomb which he was carrying in his pocket exploded killing the workman, both detectives and some persons who were passing by. It is believed the bomb was intended for Governor General Maximovitch who was expected to pass the spot on his way to the cathedral to attend the service in honor of the czar's birthday.

The bodies of the victims were literally blown to pieces. A cafe near the scene of the explosion was entirely demolished, all the windows in the neighborhood were smashed and a lamp post was torn out of the ground.

The first report was to the effect that a bomb had been thrown among local officials who were on their way or returning from the cathedral and caused intense excitement.

Later it was stated that only the workman and two detectives were killed, though two passersby were severely injured and others slightly hurt by fragments of the bomb.

FIRE DESTROYS EXPRESS CAR.

Caught on Fire While Running and Was Consumed by Fames.

Philadelphia, May 20.—An express car on a Washington and New York train on the Reading railroad was destroyed by fire last night at Beth Ayres, a few miles north of this city.

The train which was bound for New York, reached Jenkintown about 9 o'clock. As the train pulled out from that station the conductor discovered a blaze on top of the sealed express car. There being no means to fight the fire, the train was stopped and the car sidetracked at Beth Ayres.

The car with its contents was completely destroyed. It is thought the fire originated from a spark from the locomotive.

It is not known what the car contained, the Reading officials refusing to say anything about the fire.

Suffocated While Cleaning Well.

Adrian, Mich., May 20.—Bradley Jones, a farmer living near Cadmus in Dover township, was found dead in his well. It is thought that he went down in the well by means of a ladder to repair the pumping apparations and was overcome by foul gas. A negro who was let down to bring up the body was also overcome, and it took some time to resuscitate him. A chicken lowered in a pail into the well was killed in two minues. Jones was 58 years old and leaves a widow and several children.

Found in Ruins of Pompeii.

Rome, May 20.—Excavations near Pompeii resulted in finding a human skeleton and nearby four solid gold bracelets of beautiful design set with emeralds, a pair of large oriental pearl earrings, two golden necklaces set with pearls and emeralds and two emerald rings. The articles of jewelry being of Roman Pompeiian epoch are of great artistic value.

Finds Happiness at Last.

Chicago, May 20.—Professor Epstein of the chemistry department of the University of Chicago is happy, he says, because he is living "next to nature." He has built a small cabin on the sands of the lake short near Sixty-seventh street, and there he wanders around in a bathing suit and has for companions big fishermen and little foxes and dogs.

TERRIBLE TRAGEDY IN MISSISSIPPI TOWN

Two Men Killed and Woman Is Fatally Wounded.

PERPETRATOR OF DEED IN JAIL

Man Who Commtted Act Claimed that His Wife's Relatives Abducted His Little Child—He Was Separated From His Wife.

Memphis, Tenn., May 20.—A special to the News-Scimetar from Natchez, Miss., says:

At an early hour today Peter Matheson, a book agent, shot and killed A. Z. Bidwell and Stephen Jones fishermen; fatally wounded Mrs. Sue Pruette, his mother-in-law, and fired one shot at Ina Rossin, a 11-year-old girl without effect.

The trouble occurred about Matheson's child, whom he claimed had been abducted from his home by its grandparents.

Matheson and his wife are separated. He sued for custody of the child in Warren county one year ago and the courts gave it to him. Since then he has kept the child with him in the country near here until a few days ago when, it is alleged, it was abducted during his absence.

Matheson is in jail.

BELL'S CHILD LABOR BILL.

Important Measure Will Be Introduced In Georgia Legislature.

Atlanta, May 20.—The "child labor bill" that Hon. Madison Bell of Fulton county, will introduce at the coming session of the legislature is already arousing interest and support throughout Georgia.

The Georgia Federation of Trades' through its official organ, The Journal of Labor, has come out strong in support of Mr. Bell and his measure.

The Atlanta News and scores of other influential papers are manifesting great interest in the movement.

Mr. Bell is considered neither a labor agitation nor an anti-corporation ist, and his bill will be of a reasonable and conservative nature.

An organization composed of twenty five of the state's most prominent citizens will be formed Saturday to assist in the furtherance of the "Bell Child Labor Bill."

NEW SPINDLES FOR MILLS.

Much Activity Is Shown at Columbus Along Textile Lines.

Columbus, Ga., May 20.—Within a short time 5,000 more spindles will be installed in the Columbus mill of the Bibb Manufacturing Company, on North Highlands, taking a total of 29,000 spindles of that plant. Part of the new machinery comes from England. A portion of the machinery comes from England. A portion of the machinery has already arrived.

The Bibb mill is now manufacturing the finest yarn made by any factory in the southern states. No. 120's being turned out. With the installation of those new spindles still finer yarns will be spun, as it is planned to run as high as 150's. This is the finest thread made in the world. The Bibb mill uses Sea Island and Egyptian cotton exclusively.

$50,000,000 Bond Issue.

San Francisco, May 20.—The Examiner says a new $50,000,000 blanket mortgage is about to be issued by the Western Pacific railroad, in place of an old one for that amount which has been cancelled at the request of the bankers who are to take the bonds thereby secured. It is further said that these bonds have been disposed of at ninety cents on the dollar.

Jealousy Causes Double Tragedy.

Pueblo, Colo., May 20.—In a fit of jealousy, Frank Cowells, a railroad switchman, shot to death Miss Stella Brice, his former sweetheart, and immediately afterward sent a bullet into his own brain that resulted in his death an hour later. Both are prominent strangers in this city.

THE COMMITTEE TO E. F. S. REPORTS

Detailed Account of Legislative Visit to the Seminary.

EVERYTHING SATISFACTORY

President Pound Interrogated — The Departments Found in Good Order. The Quarters Cramped and the Buildings Going to Decay.

Tallahassee, May 20.—The following splendid report on the East Florida Seminary has been submitted to both branches of the Legislature by the visiting committee:

Sir—We, your committee appointed to visit, inspect and report their findings upon the East Florida Seminary, beg leave to submit the following report, towit:

That on Monday, May 8th, we visited the East Florida Seminary at the city of Gainesville and thoroughly examined the grounds, buildings, equipment, etc., and secured all information possible, the latter in the main being given fully and freely by the superintendent, Prof. Jere M. Pound.

We find the Seminary has enrolled this year two hundred and seventy-seven students, twenty-one more than during any previous year in its history. They are distributed in counties as follows: Alachua 157, Hillsboro 17, Duval 15, Levy 9, Orange 5, Sumter 5, Monroe 4, Bradford 4, Marion 9, Citrus 3, Clay 2, Volusia 3, Putnam 3, Dade 2, Nassau 2, Hernando 2, Franklin 2, Lake 2, Osceola 2, Manatee 2, Suwannee 3, Brevard 1, Washington 1, LaFayette 1.

And other States as follows: Georgia 15, Indiana 4, Colorado 1, Missouri 1, Alabama 1, North Carolina 1, Michigan 1, New Mexico 1, Tennessee 1, Porto Rico 1, Cuba 1.

Students arranged by classes are as follows: Seniors 7, Juniors 14, Sophomores 49, Freshmen 68, Sub-Freshmen 65, Irregular 9, Commercial 57, Normal 18. Total 277, or 220 in the academic department and 57 in the commercial department. Of these 170 are carried on the rolls of the military department, 21 are studying chemistry, 40 physics and 52 biology.

We find the plant is old and badly dilapidated. The barracks was built in 1886, when there were only eighty-five students, all told, attending the seminary. It was built to accommodate about seventy-five students, and the necessary complement of teachers. The academic building was built in 1883, when there were probably even less students still; and it has but four recitation rooms, whereas accommodations for about thirteen instructors are needed now. The girls' dormitory consists of two old dwelling houses, joined together, and will accommodate about thirty students comfortably, with the necessary teachers. At present forty-two persons are housed in that building, and some parts of it for recitation rooms and a chemical laboratory.

There is absolutely not a nook nor cranny in either of the three buildings which is not being utilized for some purpose today. Nor is there a recitation room large enough for at least three of the classes.

The dining hall will seat about one hundred people comfortably, and the Seminary is now feeding about one hundred and twenty, so that it is necessary to set two tables. Moreover, in the winter the authorities had to dispense with stoves in there in order to make table room for the students.

The commercial department, immediately over the dining room, is too crowded.

The laboratories are not properly constructed for that work, and are too small to properly protect the apparatus that we have on hand.

It was desired this year to establish both a music and an art department for girls. To have done so, it would have been necessary to rent some other buildings, because there is absolutely no place for such departments in either of the present buildings, but as there was no vacant building convenient, consequently it was necessary to allow the girls to take music out in town from whomsoever they chose.

As it exists at present, not only are the buildings overcrowded and unable to accommodate any more students, but the buildings are also in a deplorable state. A sill in the barracks has rotted and is absolutely gone for a space of at least ten feet in one place. A still more thorough inspection would probably develop equally as serious defects elsewhere.

It cost five hundred dollars last fall to put this old building in an even tolerably decent condition, and it will cost more each succeeding year. Under the circumstances, it seems that the plea of the Seminary for $100,000 is completely justified by existing conditions; nor do we think that this excellent institution can go much longer without the expenditure of that amount of money.

Notwithstanding all these expenditures the patronage increases. The State cannot afford to treat so virile a school with neglect any longer, for the loss of prestige on the part of the Seminary would be a serious blow to the educational interests of the State. The school was never in a more prosperous condition so far as its equipment is concerned, and the Legislature should bear this in mind.

The students know the conditions existing here as well as do the trustees, and better perhaps than this committee. Prof. Pound says these students are thoroughly loyal now, and the school spirit runs higher than I have ever seen it anywhere; but this cannot go on forever, and ultimately they will drift away, for they will learn that they can get equally as good instruction, and vastly more decent accommodations, elsewhere, and at the same price. Nor will they stay in Florida. Even now we have some undergraduates who purpose going outside the State to complete their education as soon as they can.

Prof. Pound also advises us that the senior and junior classes are disproportionately small. The rest of the classes are unusually large. It is a universal tendency for classes to grow smaller as they go up the course of study, but that tendency is too pronounced here, solely on account of the lack of proper buildings, the Seminary being used to some extent as a preparatory school, while the higher work is sought in institutions where accommodations may be found. This is true in spite of the fact that the Seminary has teachers and apparatus that will enable it to do better work in those departments than they are able to do in the lower classes.

The amount asked for is desired for the following purposes: The citizens of Gainesville propose giving a tract of land consisting of three hundred and twenty acres within three-quarters of a mile of the center of the city and worth about six thousand dollars. On this it is desired to build an entirely new plant. In the school as thus reconstructed it is also desired, by the trustees and the faculty of East Florida Seminary, to emphasize more than has been done by any other school in the State, for the education of girls, and to add to the ordinary classic education which they may get in several of the State schools, an industrial element. It is proposed that this will be no side feature of the school, but one of its important aims.

At present the site consists of three plats of ground, one containing about an acre and a half; another about three-quarters of an acre; and the third, about a quarter of an acre. On each of these is a building, which takes up considerable portion of the space. Consequently, it must be seen that the quarters are too cramped and confined, particularly when it is noted that these plats are in the very heart of the city and separated from each other by two principal streets.

We submit the following replies of Prof. J. M. Pound to our interrogatories:

Q. What is your salary?

A. Twenty-five hundred dollars per year and quarters.

Q. What are your duties in connection with this institution?

A. As superintendent, my work is about seven days in the week; fifteen hours a day.

Q. How many teachers have you?

A. We have at present twelve salaried teachers.

Q. What is the salary of those teachers?

A. Why, they vary. Major Floyd receives twelve hundred dollars a year; Capt. Lynch, twelve hundred a year; Prof. Oliphant, sixteen hundred a year; Prof. Spillman, twelve hundred a year; Prof. McBeath, fourteen hundred a year; Prof. Cassels, ten hundred a year; Capt. Hughes, commandant, four hundred a year; Prof. Brinson, ten hundred a year: Miss Wimberly, six hundred a year; Miss Macy, six hundred. We have, in addition to that, two matrons that are salaried slightly. Mrs. Thomas receives two hundred and eighty a year; Mrs. W. H. Cassells, one hundred a year.

Q. Have you any janitors?

A. We have two, one of whom receives thirty-five dollars a month, and the other ten dollars.

Q. Are there any other salaries? Have you no bookkeeper?

A. No, sir; Miss Macy and I do this.

Q. Have you no regular auditor?

A. No, sir.

Q. What is the cost of lights?

A. They will average about one hundred and thirty dollars per month.

As a result of our investigation we unhesitatingly recommend the appropriation of the $100,000 (reduced from $125,000) asked for by this institution, of which $25,000 shall be available in 1905; $50,000 in 1906, and $25,000 in 1907; $75,000 is for the construction of new buildings; $15,000 for heating, lights and sewerage, and $10,000 for furniture, fencing and outbuildings—the whole appropriation being conditioned and made conditional upon the request of reputable citizens of Gainesville, that the land above referred to be conveyed to the State for the purposes of this institution; and further, that the municipality of the city of Gainesville, who own the waterworks plant of said city, at their own expense, lay mains to said grounds and buildings and furnish free of all charge an amply sufficient supply of water for fire protection and for all other legitimate uses for all time to this institution.

We further recommend this appropriation for the additional reason that it seems to us that the East Florida Seminary has for the amount of money appropriated in the past produced results that should be extremely gratifying to the people of the State.

Respectfully submitted,

J. A. ALFORD,
On the part of the Senate.

B. G DYAL,
J. M. HILSON,
On the part of the House.

NO SUBSTITUTE

has yet been found for cod liver oil. There are so-called extracts, wines and cordials of cod liver oil that are said to contain the active principles but not the oil itself. This is absurd on its face. You might as well extract the active principles of wheat and make bread with them. The best form of cod liver oil, that can be digested and assimilated most easily, is Scott's Emulsion.

We'll send you a sample free.
SCOTT & BOWNE, 409 Pearl Street, New York.

Saved by Dynamite.

Sometimes a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Gray of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for consumption, coughs and colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and lagrippe. At drug stores, price 50c and $1.00; guaranteed. Trial bottle free.

Man Killed In Runaway.

Columbia, S. C., May 20.—Jeter W. Crim, aged 60 years, farmer and senior member of the firm of Crim & Son of Johnston, Edgefield county, was killed by his horse. He was returning from his farm on horseback. The animal took fright, throwing the rider, who was caught in the lines and dragged a quarter of a mile at full speed. He died 35 minutes after being found. He leaves a wife and six sons, and one daughter.

A Creeping Death.

Blood poison creeps up towards the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucklen's Arnica Salve drew out the poison, healed the wound, and saved his life. Best in the world for burns and sores. 25c at all drug stores.

Ayer's Hair Vigor. Always restores color to gray hair. We say, "always." No mistake about this. It stops falling hair, also. And there is no mistake about this, either. J. C. Ayer Co., Lowell, Mass.

SSS FOR THE BLOOD

"S. S. S. for the blood" has grown to be a household saying. When the blood is out of order, or needs treatment from any cause, this great remedy is the first thought of and used by thousands of people all over the country, because it is superior to all other blood purifiers. It is a purely vegetable remedy, and while it penetrates the circulation and forces out all poison and morbid matter, it also builds up the entire system by its fine tonic effect. During the winter months the natural avenues of bodily waste have become dull and weak and failed to perform their full duty, the blood has been sluggish and an extra amount of poisons and waste matters have accumulated in the system and been absorbed by it. With the coming of Spring and warm weather the blood is aroused and stirred to quicker action and in its effort to throw off these acids and poisons the skin suffers. Boils, pimples, blotches, rashes and eruptions break out and continue until the blood is cleansed and made pure. S. S. S. is the ideal remedy for this condition; it clears the blood of all impurities, makes it rich and strong and these skin troubles pass away. Rheumatism, Catarrh, Chronic Sores and Ulcers, Scrofula, Contagious Blood Poison and all other diseases of the blood are cured by S. S. S. Book on the blood and any advice desired, free of charge. THE SWIFT SPECIFIC CO., ATLANTA, GA.

I was suffering from impure blood and a general run-down condition of the system. I had no appetite, was losing flesh, and an all-gone tired feeling that made me miserable. I began the use of S. S. S. and my blood was restored to its normal, healthy condition. My appetite returned, I increased in weight, that "tired feeling" left and I was again myself.

WILL LEAVE CITY.

J. M. Endel of Endel Clothing Company Will Close Store.

It is with regret that the people of Gainesville will learn of the intention of Jacob Endel, who has been engaged in business in this city for many years, to retire.

Mr. Endel, who has recently been overcome by misfortune, which every reader of The Sun regrets, has decided to engage in business elsewhere, and for this reason is offering his entire stock of clothing, consisting of a stock of $20,000 in clothing and ladies' and gents' furnishings, etc., will be sacrificed. This sale will begin on Thursday, the 25th inst., and will continue until the stock is sold.

There are some great values, and it will pay those interested to call and investigate.

Why Suffer From Rheumatism?

Why suffer with rheumatism when one application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this liniment affords makes rest and sleep possible, and that alone is worth many times its cost. Many who have used it hoping only for a short relief from suffering have been happily surprised to find that after awhile the relief became permanent. Mrs. V. H. Leggett of Yum Yum, Tennessee, U. S. A., writes: "I am a great ufferers from rheumatism, all over from head to foot, and Chamberlain's Pain Balm is the only thing that will relieve the pain." For sale by all druggists.

BOARD OF TRADE.

Important Meeting Will be Held Monday, and Full Attendance Desired.

There will be a special meeting of the Gainesville Board of Trade Monday morning at 10 o'clock. This will be an important meeting, the action of which will interest every citizen of the city of Gainesville, and a full attendance is especially desired. Let every member who can possibly do so be present. W. G. ROBINSON, Pres.
W. M. PEPPER, Sec.

Bears the Signature of Chas. H. Fletcher

Eminent Reformer to Speak.

Hon. Christopher Matheson, the brilliant reformer and eloquent advocate of Gainesville, will deliver an address on temperance at the Methodist church next Wednesday, May 17th, at 7:30 p. m. The address is to be in the interests of the coming local option election.

Mr. Matheson is one of the State's most gifted orators. He took a leading part in the recent wet and dry campaign in Alachua county, and in his address here will speak of the experience of his own county under the dry side. All who desire to give this question candid consideration would do well to hear Mr. Matheson on this occasion, and the committee in charge of the campaign cordially invite all to be present—Palatka Advertiser.

A World Wide Reputation.

White Cream Vermifuge has achieved a world wide reputation as being the best of all worm destroyers, and for its tonic influence on weak and unthrifty children, as it neutralizes the acidity or sourness of the stomach, improves their digestion, and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. Sold by W. M. Johnson.

DESPERATE NEGRO MET HIS DEATH

After Shooting Woman He Was Chased to a Swamp

AND THERE TOOK HIS OWN LIFE

After Shooting and Wounding a Girl an Attempt Was Made to Arrest Him. Was Spunky to the Last and Died Before He Would Surrender.

Hawthorn, May 20.—Last Friday night a young negro man, Geo. Clarity, whose parents own a farm south of town and who are good citizens, went to the home of a colored girl he had been going with and told her she must quit going with Gibbs, another young negro. She refused to consent to do this. He drew a 38 pistol and fired at her as she ran behind a door. The ball went through the door and then went through the woman's right shoulder and out into the yard. He then shot at another woman in the room. The wound is not dangerous.

After the shooting Clarity boasted that he would kill another of Gibbs' friends, then left. It seems that he had stolen a fine pistol from Bob Hemsus, for whom he worked Friday. He came to the outskirts of town and followed Charles Jenkins, one of the men he had threatened, whose father came to town and got out a warrant for his arrest. Judge Stringfellow deputized Jesse Williams, colored, to arrest him. He (Williams) deputized another man to go with him. They went to the house Clarity was at and told him to come out. He refused, drew his pistol and backed out of the house and fired two shots at Williams and then ran. Williams followed him and fired and Clarity returned the fire twice and ran to a thicket.

Clarity secreted himself in the thicket behind a tree and fired two more shots. Then Williams fired at the point the shots came from. In a few minutes another pistol shot rang out on the air. Then all was quiet. E. L. Hulme and a friend were in full view. They walked up within thirty yards of the thicket and smelt burning cloth. Upon investigation it was found that Clarity was dead. His shirt was on fire and a bullet hole over his right nipple. The bullet went through him and lodged in his shirt back of his left shoulder. It passed through his heart.

The coroner's jury of white men found a verdict that George Clarity came to his death by a wound inflicted with a pistol in his own hand while under arrest. He had said he would never surrender. He found he was surrounded and had but one load left. With this he finished the job.

Cleared for Action.

When the body is cleared for action, by Dr. King's New Life Pills, you can tell it by the bloom of health on the cheeks; the brightness of the eyes; the firmness of the flesh and muscles; the buoyancy of the mind. Try them. At all drug stores, 25c.

THE DAILY SUN, published every morning except Monday, delivered by carrier in the city, or mailed to any part of the United States, postage free, for $5 a year; $2.50 six months; $1.25 three months; or 50 cents for five weeks—strictly in advance.

Reading notices in local column 10 cents a line for first insertion, and 5 cents for each additional insertion.

Rates for display advertising made known on application.

The Twice-a-Week Sun is an eight-page, forty-column paper, published every Monday and Thursday, and contains all the news of the week, local, State and general, and will be mailed, postage free, to any part of the United States or Canada, for $1.00 a year—in advance.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

It is said that Harvard leads all colleges in the number of students, with a total of 5,600, while the football and baseball averages are way below many others.

It has now leaked out that President Roosevelt's hunt out West was to put him in a way so that he could give Admiral Togo a few pointers on following the Bear.

The prices at which New York State Senators are quoted are very high, the average being $60,000. Rockefeller and Morgan may buy the whole bunch at a reduction, however.

The report comes that Secretary Hay is getting better and his elasticity is returning. Too much elasticity will not do him any good, as he can bend too much to the corporations now.

The shade from the oak does not produce fever. The dense shade, which never allows the ground to dry out, may bring on malarial troubles, but the shade would be as effective from any trees.

The Citrus County Chronicle is of the opinion that God Almighty made the Everglades just as he wanted them, and that it would ill become us, worms that we are, to interfere with the decrees of Divine Providence.

Our steel works sell their goods abroad cheaper than they do at home, and the Panama Canal Commission is aware of the fact, so find there can be a saving made in buying supplies of foreign dealers. This is the best tariff argument yet.

Many people who left Gainesville for their Northern homes about two weeks ago, are now writing back to friends that the weather is still cold there, and they wish they were back again. If they had only heeded the advice given them, they would have certainly saved themselves much discomfort. Don't go North until June 1st, which is plenty early.

Professor McIntosh, as principal of the Gainesville public schools, is deserving of much credit for the progress he has made in the seven weeks he has been in charge of the work. The trustees of the school should put forth an effort to secure a principal that will remain the entire year, and advance the schools to the highest possible standard.

According to the recent census of the city of Gainesville, taken by Mr. Jesse E. Burtz while engaged in compiling the names for his city directory, the population has increased beyond the estimates of the most conservative of our people, and the growth has been steady and permanent. The United States census in 1900 gave the city a population of 3,633 in the corporate limits. The figures just given by Mr. Burtz, which includes all that portion coming under the new charter, gives us a population of 2,825 whites and 2,429 colored, a total of 5,254, and an average increase of over 325 for each year in the last five years. The growth has been steady and it is sure to keep up to the same standard for several years to come.

THE PANAMA CANAL.

Secretary Taft, by a perfectly proper interpretation of his duty under the law, has raised a howl from the stand patters of which he is not likely to hear the end for many months. The secretary has decided that, in the absence of any enactment by Congress, it is the duty of the Panama Canal Commission to purchase the machinery and supplies for the canal where they can be bought cheapest. In other words, American manufacturers must meet the Europeans in open competition and must bid as low as their foreign competitors or their bids will be rejected. This decision was reached after it had been fully discussed at a luncheon which the President gave to the commissioners their last day in Washington and at a conference which the commissioners then had with the Secretary of War.

The importance of this decision is manifest when some of the figures are stated. For instance, the commission has been for some time seeking to buy two ships for the transportation of material between New York and Colon. They wanted ships of 6,000 tons burthen and the price in this country for the two was $1,400,000, whereas identical ships could be bought abroad for $750,000. Moreover, strange as it may seem, the foreign ships offered for $750,000 were constructed of American steel plate manufactured by the steel trust but sold to the foreign shipbuilders at $7 or $8 a ton less than the trust would sell the same plates to Americans.

THE INSANE ASYLUM.

Never has committee report received more commendation for fearlessness and integrity of purpose than that of the Legislative committee appointed to visit, inspect and report on the condition of the State Hospital for the Insane.

The report, as submitted to the Senate by the Hon. W. K. Jackson, who was the member from that body on the committee, is an example of fearlessness, exhausted labor and almost intuitive ability to grasp all essential points that will, or should forever, establish a precedent in future Florida Legislatures. It is a report and an indictment in one. To Senator Jackson, and to the other members of the committee, are due the thanks of the people of the State of Florida. Promises come to us that searching investigation and action, both on the part of the Legislature and on the part of the courts, will make this report at least of resultant value.

The commencement exercises at the East Florida Seminary were begun on Friday evening. There was a large audience present and perfect order was maintained during the whole course of the program. There is one thing certain: If the students of the Seminary should never learn anything else, they are taught deportment, and it is a great satisfaction to those interested to see the ladylike and gentlemanly conduct of these students at any public demonstration. The State, as well as the people of Gainesville, should be proud of East Florida Seminary.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We offer One Hundred Dollars Reward for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure.

CONSUMPTION
25 CTS.

A gentleman who came to the city via the Prairie Creek bridge, near Kelley's mill, says it is in a bad condition, and he had a narrow escape from having his horse seriously injured while crossing it. The highway commissioners should give it their attention.

It is reported that Rojestvensky is very ill, and he hasn't even seen Togo yet.

Eight Men Killed in Wreck.

Louisville, Ky., May 20.—In a collision between two Illinois Central freight trains, 2 miles south of Echols, Ky., eight men were killed and four injured. The collision was between a northbound fast freight and the Louisville and Central City local freight, the latter of which carries passengers, and from this fact it is feared there may be victims buried under the wreckage. The misreading of its orders by the southbound crew, it is said, caused the collision.

German Party in Alabama.

Montgomery, Ala., May 20.—Dr. Otto Gagzow, industrial commissioner of the German empire, and a party of German editors from the northwest, visited Montgomery. They will go to Lockhart, Ala., and inspect conditions there, where the lumbermen have been making a bid for German immigration. Dr. Gagzow and his party are in the south for the purpose of investigating conditions with the view to locating German colonies in this section.

A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit innoculated with the germs became bald in six weeks' time.

It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

Accept no substitute. "Destroy the cause you remove the effect."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

HERBINE
TRADE MARK
The Popular Liver Medicine Will Keep You Well

A GUARANTEED CURE for all diseases produced by TORPID LIVER and IMPURE BLOOD. Do not fill your system with Arsenic, Calomel and Quinine. They act as rank poisons which vitiate the blood, debilitate the system, and leave a trail of bad symptoms which require years to obliterate. HERBINE is purely vegetable and contains no mineral or narcotic poisons, is absolutely harmless and is the simple remedy of nature. It carries off all poison in the system and leaves no injurious effects.

CURED BY HERBINE AFTER OTHER REMEDIES FAILED

Mr. L. A. Hicks, Iredell, Texas, says: "I was sick in bed for eight months with liver trouble, the doctor seemed to do me no good. I was told to try Herbine, and it cured me in a short time. I cannot recommend this wonderful medicine too highly."

AMONG THE PEOPLE WHO WORSHIP GOD

Commencement Sermon at Methodist Church This Morning.

DR. LINDSAY TO PREACH

Eminent Divine of Ocala Will Deliver a Sermon Full of Interest to Our People—Two Churches Withdraw Morning Service on That Account.

Owing to the fact that Rev. W. C. Lindsay of Ocala is here and will deliver the commencement sermon for East Florida Seminary at the Methodist church this morning, the Baptist and Presbyterian churches have abandoned their morning services, in order to permit members of the congregation to attend this service, and the congregation of both churches, as well as other churches, are invited to attend. Dr. Lindsay, who is one of the most eloquent preachers in the State, will fill the pulpit of Kavanaugh church this morning at half-past 10 o'clock. His subject will be appropriate to the occasion, and it is needless to add that the church will be well filled.

There will be Sunday school at the Methodist church at 9:30 o'clock, and meeting of the Junior Epworth League at 3 p. m., and Senior League at 4 p. m. Preaching by the pastor in the evening at 7:45. Subject, "Let Your Light Shine."

First Baptist Church, Rev. S. B. Rogers—Sunday school at 9:30 a. m. No morning service. Mr. Rogers will preach at Rocky Point in the afternoon, and at 7:45 p. m. will fill his own pulpit, talking on the great conventions at Kansas City and St. Louis, to which he was a delegate. The young people of this church will hold their services at 3 and 4 p. m.

Advent Christian Church—At 10:30 a. m. Elder Butler will fill the pulpit, preaching on "The Saint's Inheritance, or, the Abrahamic Promise." Elder Butler will also preach in the evening on "The Rich Man and Lazarus."

First Presbyterian Church—No morning service. 4 p. m., Sabbath school. Lesson topic, "Jesus Before Pilate." John 18:28—40. 7 p. m., Westminster League. Topic, "Growing Up For God." 7:45 p. m., evening service conducted by Rev. W. C. Lindsay, D. D.

The usual services will be held at the Holy Trinity and St. Patrick's Catholic churches.

MAJOR HAMILTON'S REPORT.

Says the Seminary is All Right and Thinks it Should be Supported.

Major W. R. Hamilton of the United States Army, who was detailed a few months ago by the War Department to make inspection of East Florida Seminary and other military schools, was evidently much impressed with the Seminary, since, a couple of weeks ago when he made his report, among other things he had this to say:

"East Florida Seminary rifles and military accoutrements were all in good condition. There is not a sufficient number (100) to completely equip the entire battalion of 129 cadets.

"The entire appearance of the cadets while at review, inspection and parade was military. Their conduct, both off duty and on, seemed excellent. They were bright boys, imbued with an excellent spirit, anxious to learn. At all times, around the campfires, in the streets of the town or in and around barracks, they were orderly, well behaved, and saluted all officers.

* * * * * * * *

"My own belief is that this is one of the few institutions that the government can well afford to extend every assistance and backing to, with the assurance that it will be returned with profit in the direction desired to the government."

Herbine

Will overcome indigestion and dyspepsia; regulate the bowels and cure liver and kidney complaints. It is the best blood enricher and invigorator in the world. It is purely vegetable, perfectly harmless, and should you be a sufferer from disease, you will use it if you are wise. R. N. Andrews, editor and manager Cocoa and Rockledge News, Cocoa, Fla., writes: "I have used your Herbine in my family, and find it a most excellent medicine. Its effects upon myself have been a marked benefit. Sold by W. M. Johnson.

Turpentine Operators, Attention!

NEWS OF CITY AND COUNTY CONDENSED

Miss Carrie Miller of Ocala arrived in the city yesterday to attend the commencement exercises of the Seminary. She will be the guest of Miss Myra McMillan.

Julian Robinson of Ocala, Joe Williams of Crystal River and Jack Townsend of Istachatta, who have been attending East Florida Seminary, have returned to their respective homes, after a season spent profitably here. They expect to return next season with renewed energy, as they are well pleased with the school and its faculty.

Elder J. W. Wiggins of Live Oak and Elder J. T. Johnson of Jacksonville, pastors of the Live Oak and Jacksonville Christian Adventist churches, respectively, have returned to their homes, after attending the Quarterly Conference of their church here. They were well pleased with the city, the manner in which they were entertained and the meeting, which they declared to be a most beneficial one.

Account of Confederate Veterans' reunion the Seaboard Air Line Railway will sell round-trip tickets to Louisville, Ky., at the rate of $17 80, from June 10th to 13th inclusive, final limit to leave Louisville June 19th, 1905. Limit may be extended to leave Louisville as late as July 10 by depositing ticket with J. H Richardson, special agent, Louisville, and paying 50 cents per ticket at time of deposit.

A Positive Necessity.

Having to lay upon my bed for 14 days from a severely bruised leg, I only found relief when I used a bottle of Ballard's Snow Liniment. I can cheerfully recommend it as the best medicine for bruises ever sent to the afflicted. It has now become a positive necessity upon myself.—D. R. Byrnes, merchant, Doversville, Texas. 25c, 50c and $1. Sold by W. M. Johnson.

Ohio Troops Visit Vicksburg.

Cincinnati, O., May 20.—The first regiment Ohio national guards, 765 strong left today over the Baltimore the Baltimore & Ohio Southwestern and Illinois Central for Vicksburg, Miss., where the regiment will participate in the dedication of the Ohio monuments at the Vicksburg battlefield.

Growing Aches and Pains.

Mrs. Josie Somner, Bremond, Tex., writes, April 15, 1902: "I have used Ballard's Snow Liniment in my family for three years. I would not be without it in the house. I have used it on my little girl for growing pains and aches in her knees. It cured her right away. I have also used it for frost bitten feet, with good success. It is the best liniment I ever used." 25c, 50c and $1.00. Sold by W. M. Johnson.

VISIT MISSIONARY'S GRAVE.

Baptists Meet in Ninty-first Annual Session at St. Louis.

St. Louis, May 20.—A number of delegates to the general Baptist convention met by apointment at an early hour today and went to Bellefontaine cemetery to see the grave of John M. Peck, who came as the first Baptist missionary to St. Louis, in 1817. A brief service was held at the grave.

Today the ninety first annual meeting of the American Baptist missionay union began. Preliminary meetings of the Women's Foreign Missionary societies, and of the board of managers were held. The convention was then opened with devotional exercises conducted by Rev. J. T. A. Johnston, of Munroe, Mass., presided and delivered his annual address.

Chamberlain's Cough Remedy the Very Best.

"I have been using Chamberlain's Cough Remedy and want to say it is the best cough medicine I have ever taken," says Geo. L. Chubb, a merchant of Harlan, Mich. There is no question about its being the best, as it will cure a cough or cold in less time than any other treatment. It should always be kept in the house ready for instant use, for a cold can be cured in much less time when promptly treated. For sale by all druggists.

Ship Sells for a Song.

Charleston, S. C., May 20.—A unique sale was made here by brokers representing the owners of the Norwegian steamship Lief Erickson, which was sunk some months off Bull's Bay in five fathoms of water. The vessel is of steel, 2,128 tons register, and cost $200,000. It was bound from Cuba to Baltimore with a cargo of sugar when sunk in a collision. The price paid at auction was $5, by J. B. Hyer, who expects to save many times that amount from the wreck.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

THE DAILY SUN, published every morning except Monday, delivered by carrier in the city, or mailed to any part of the United States, postage free, for $5 a year; $2.50 six months; $1.25 three months; or 50 cents for five weeks—strictly in advance.

Reading notices in local column 10 cents a line for first insertion, and 5 cents for each additional insertion.

Rates for display advertising made known on application.

The Twice-a-Week Sun is an eight-page, forty-column paper, published every Monday and Thursday, and contains all the news of the week, local, State and general, and will be mailed, postage free, to any part of the United States or Canada, for $1.00 a year—in advance.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

It is said that Harvard leads all colleges in the number of students, with a total of 5,600, while the football and baseball averages are way below many others.

It has now leaked out that President Roosevelt's hunt out West was to put him in a way so that he could give Admiral Togo a few pointers on following the Bear.

The prices at which New York State Senators are quoted are very high, the average being $60,000. Rockefeller and Morgan may buy the whole bunch at a reduction, however.

The report comes that Secretary Hay is getting better and his elasticity is returning. Too much elasticity will not do him any good, as he can bend too much to the corporations now.

The shade from the oak does not produce fever. The dense shade, which never allows the ground to dry out, may bring on malarial troubles, but the shade would be as effective from any trees.

The Citrus County Chronicle is of the opinion that God Almighty made the Everglades just as he wanted them, and that it would ill become us, worms that we are, to interfere with the decrees of Divine Providence.

Our steel works sell their goods abroad cheaper than they do at home, and the Panama Canal Commission is aware of the fact, so find there can be a saving made in buying supplies of foreign dealers. This is the best tariff argument yet.

Many people who left Gainesville for their Northern homes about two weeks ago, are now writing back to friends that the weather is still cold there, and they wish they were back again. If they had only heeded the advice given them, they would have certainly saved themselves much discomfort. Don't go North until June 1st, which is plenty early.

Professor McIntosh, as principal of the Gainesville public schools, is deserving of much credit for the progress he has made in the seven weeks he has been in charge of the work. The trustees of the school should put forth an effort to secure a principal that will remain the entire year, and advance the schools to the highest possible standard.

According to the recent census of the city of Gainesville, taken by Mr. Jesse E. Burtz while engaged in compiling the names for his city directory, the population has increased beyond the estimates of the most conservative of our people, and the growth has been steady and permanent. The United States census in 1900 gave the city a population of 3,633 in the corporate limits. The figures just given by Mr. Burtz, which includes all that portion coming under the new charter, gives us a population of 2,825 whites and 2,439 colored, a total of 5,264, and an average increase of over 326 for each year in the last five years. The growth has been steady and it is sure to keep up to the same standard for several years to come.

THE PANAMA CANAL.

Secretary Taft, by a perfectly proper interpretation of his duty under the law, has raised a howl from the stand patters of which he is not likely to hear the end for many months. The secretary has decided that, in the absence of any enactment by Congress, it is the duty of the Panama Canal Commission to purchase the machinery and supplies for the canal where they can be bought cheapest. In other words, American manufacturers must meet the Europeans in open competition and must bid as low as their foreign competitors or their bids will be rejected. This decision was reached after it had been fully discussed at a luncheon which the President gave to the commissioners their last day in Washington and at a conference which the commissioners then had with the Secretary of War.

The importance of this decision is manifest when some of the figures are stated. For instance, the commission has been for some time seeking to buy two ships for the transportation of material between New York and Colon. They wanted ships of 6,000 tons burthen and the price in this country for the two was $1,400,000, whereas identical ships could be bought abroad for $750,000. Moreover, strange as it may seem, the foreign ships offered for $750,000 were constructed of American steel plate manufactured by the steel trust but sold to the foreign shipbuilders at $7 or $8 a ton less than the trust would sell the same plates to Americans.

THE INSANE ASYLUM.

Never has committee report received more commendation for fearlessness and integrity of purpose than that of the Legislative committee appointed to visit, inspect and report on the condition of the State Hospital for the Insane.

The report, as submitted to the Senate by the Hon. W. K. Jackson, who was the member from that body on the committee, is an example of fearlessness, exhausted labor and almost intuitive ability to grasp all essential points that will, or should forever, establish a precedent in future Florida Legislatures. It is a report and an indictment in one. To Senator Jackson, and to the other members of the committee, are due the thanks of the people of the State of Florida. Promises come to us that searching investigation and action, both on the part of the Legislature and on the part of the courts, will make this report at least of resultant value.

The commencement exercises at the East Florida Seminary were begun on Friday evening. There was a large audience present and perfect order was maintained during the whole course of the program. There is one thing certain: If the students of the Seminary should never learn anything else, they are taught deportment, and it is a great satisfaction to those interested to see the ladylike and gentlemanly conduct of these students at any public demonstration. The State, as well as the people of Gainesville, should be proud of East Florida Seminary.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We offer One Hundred Dollars Reward for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure.

CONSUMPTION

A gentleman who came to the city via the Prairie Creek bridge, near Kelley's mill, says it is in a bad condition, and he had a narrow escape from having his horse seriously injured while crossing it. The highway commissioners should give it their attention.

It is reported that Rojestvensky is very ill, and he hasn't even seen Togo yet.

Eight Men Killed in Wreck.

Louisville, Ky., May 20.—In a collision between two Illinois Central freight trains, 2 miles south of Echols, Ky., eight men were killed and four injured. The collision was between a northbound fast freight and the Louisville and Central City local freight, the latter of which carries passengers, and from this fact it is feared there may be victims buried under the wreckage. The misreading of its orders by the southbound crew, it is said, caused the collision.

German Party in Alabama.

Montgomery, Ala., May 20.—Dr. Otto Gagzow, industrial commissioner of the German empire, and a party of German editors from the northwest, visited Montgomery. They will go to Lockhart, Ala., and inspect conditions there, where the lumbermen have been making a bid for German immigration. Dr. Gagzow and his party are in the south for the purpose of investigating conditions with the view to locating German colonies in this section.

A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit innoculated with the germs became bald in six weeks' time.

It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

Accept no substitute. "Destroy the cause you remove the effect."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

HERBINE

TRADE MARK

The Popular Liver Medicine Will Keep You Well

A GUARANTEED CURE for all diseases produced by TORPID LIVER and IMPURE BLOOD. Do not fill your system with Arsenic, Calomel and Quinine. They act as rank poisons which vitiate the blood, debilitate the system, and leave a trail of bad symptoms which require years to obliterate. HERBINE is purely vegetable and contains no mineral or narcotic poisons, is absolutely harmless and is the simple remedy of nature. It carries off all poison in the system and leaves no injurious effects.

CURED BY HERBINE AFTER OTHER REMEDIES FAILED

Mr. L. A. Hicks, Iredell, Texas, says: "I was sick in bed for eight months with liver trouble, the doctor seemed to do me no good. I was told to try Herbine, and it cured me in a short time. I cannot recommend this wonderful medicine too highly."

AMONG THE PEOPLE WHO WORSHIP GOD

Commencement Sermon at Methodist Church This Morning.

DR. LINDSAY TO PREACH

Eminent Divine of Ocala Will Deliver a Sermon Full of Interest to Our People—Two Churches Withdraw Morning Service on That Account.

Owing to the fact that Rev. W. C. Lindsay of Ocala is here and will deliver the commencement sermon for East Florida Seminary at the Methodist church this morning, the Baptist and Presbyterian churches have abandoned their morning services, in order to permit members of the congregation to attend this service, and the congregation of both churches, as well as other churches, are invited to attend. Dr. Lindsay, who is one of the most eloquent preachers in the State, will fill the pulpit of Kavanaugh church this morning at half-past 10 o'clock. His subject will be appropriate to the occasion, and it is needless to add that the church will be well filled.

There will be Sunday school at the Methodist church at 9:30 o'clock, and meeting of the Junior Epworth League at 3 p. m., and Senior League at 4 p. m. Preaching by the pastor in the evening at 7:45. Subject, "Let Your Light Shine."

First Baptist Church, Rev. S. B. Rogers—Sunday school at 9:30 a. m. No morning service. Mr. Rogers will preach at Rocky Point in the afternoon, and at 7:45 p. m. will fill his own pulpit, talking on the great conventions at Kansas City and St. Louis, to which he was a delegate. The young people of this church will hold their services at 3 and 4 p. m.

Advent Christian Church—At 10:30 a. m. Elder Butler will fill the pulpit, preaching on "The Saint's Inheritance, or, the Abrahamic Promise." Elder Butler will also preach in the evening on "The Rich Man and Lazarus."

First Presbyterian Church—No morning service. 4 p. m., Sabbath school. Lesson topic, "Jesus Before Pilate." John 18:28—40. 7 p. m., Westminster League. Topic, "Growing Up For God." 7:45 p. m., evening service conducted by Rev. W. C. Lindsay, D. D.

The usual services will be held at the Holy Trinity and St. Patrick's Catholic churches.

MAJOR HAMILTON'S REPORT.

Says the Seminary is All Right and Thinks it Should be Supported.

Major W. R. Hamilton of the United States Army, who was detailed a few months ago by the War Department to make inspection of East Florida Seminary and other military schools, was evidently much impressed with the Seminary, since, a couple of weeks ago when he made his report, among other things he had this to say:

"East Florida Seminary rifles and military accoutrements were all in good condition. There is not a sufficient number (100) to completely equip the entire battalion of 129 cadets.

"The entire appearance of the cadets while at review, inspection and parade was military. Their conduct, both off duty and on, seemed excellent. They were bright boys, imbued with an excellent spirit, anxious to learn. At all times, around the campfires, in the streets of the town or in and around barracks, they were orderly, well behaved, and saluted all officers.

* * * * * * * *

"My own belief is that this is one of the few institutions that the government can well afford to extend every assistance and backing to, with the assurance that it will be returned with profit in the direction desired to the government."

Herbine

Will overcome indigestion and dyspepsia; regulate the bowels and cure liver and kidney complaints. It is the best blood enricher and invigorator in the world. It is purely vegetable, perfectly harmless, and should you be a sufferer from disease, you will use it if you are wise. R. N. Andrews, editor and manager Cocoa and Rockledge News, Cocoa, Fla., writes: "I have used your Herbine in my family, and find it a most excellent medicine. Its effects upon myself have been a marked benefit. Sold by W. M. Johnson.

NEWS OF CITY AND COUNTY CONDENSED

Miss Carrie Miller of Ocala arrived in the city yesterday to attend the commencement exercises of the Seminary. She will be the guest of Miss Myra McMillan.

Julian Robinson of Ocala, Joe Williams of Crystal River and Jack Townsend of Istachatta, who have been attending East Florida Seminary, have returned to their respective homes, after a season spent profitably here. They expect to return next season with renewed energy, as they are well pleased with the school and its faculty.

Elder J. W. Wiggins of Live Oak and Elder J. T. Johnson of Jacksonville, pastors of the Live Oak and Jacksonville Christian Adventist churches, respectively, have returned to their homes, after attending the Quarterly Conference of their church here. They were well pleased with the city, the manner in which they were entertained and the meeting, which they declared to be a most benefical one.

Account of Confederate Veterans' reunion the Seaboard Air Line Railway will sell round-trip tickets to Louisville, Ky., at the rate of $17.80, from June 10th to 13th inclusive, final limit to leave Louisville June 19th, 1905. Limit may be extended to leave Louisville as late as July 10 by depositing ticket with J. H. Richardson, special agent, Louisville, and paying 50 cents per ticket at time of deposit.

A Positive Necessity.

Having to lay upon my bed for 14 days from a severely bruised leg, I only found relief when I used a bottle of Ballard's Snow Liniment. I can cheerfully recommend it as the best medicine for bruises ever sent to the afflicted. It has now become a positive necessity upon myself.—D. R. Byrnes, merchant, Doversville, Texas. 25c, 50c and $1. Sold by W. M. Johnson.

Ohio Troops Visit Vicksburg.

Cincinnati, O., May 20.—The first regment Ohio national guards, 765 strong left today over the Baltimore the Baltimore & Ohio Southwestern and Illinois Central for Vicksburg, Miss., where the regiment will participate in the dedication of the Ohio monuments at the Vicksburg battlefield.

Growing Aches and Pains.

Mrs. Josie Sumner, Bremond, Tex., writes, April 15, 1902: "I have used Ballard's Snow Liniment in my family for three years. I would not be without it in the house. I have used it on my little girl for growing pains and aches in her knees. It cured her right away. I have also used it for frost bitten feet, with good success. It is the best liniment I ever used." 25c, 50c and $1.00. Sold by W. M. Johnson.

VISIT MISSIONARY'S GRAVE.

Baptists Meet in Ninty-first Annual Session at St. Louis.

St. Louis, May 20.—A number of delegates to the general Baptist convention met by apointment at an early hour today and went to Bellefontaine cemetery to see the grave of John M. Peck, who came as the first Baptist missionary to St. Louis, in 1817. A brief service was held at the grave.

Today the ninety first annual meeting of the American Baptist missionay union began. Preliminary meetings of the Women's Foreign Missionary societies, and of the board of managers were held. The convention was then opened with devotional exercises conducted by Rev. J. T. A. Johnston, of Munroe, Mass., presided and delivered his annual address.

Chamberlain's Cough Remedy the Very Best.

"I have been using Chamberlain's Cough Remedy and want to say it is the best cough medicine I have ever taken," says Geo. L. Chubb, a merchant of Harlan, Mich. There is no question about its being the best, as it will cure a cough or cold in less time than any other treatment. It should always be kept in the house ready for instant use, for a cold can be cured in much less time when promptly treated. For sale by all druggists.

Ship Sells for a Song.

Charleston, S. C., May 20.—A unique sale was made here by brokers representing the owners of the Norwegian steamship Lief Erickson which was sunk some months off Bull's Bay in five fathoms of water. The vessel is of steel, 2,128 tons register, and cost $200,000. It was bound from Cuba to Baltimore with a cargo of sugar when sunk in a collision. The price paid at auction was $5, by J. H. Hyer, who expects to save many times that amount from the wreck.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

THE LEGISLATURE FULL OF BUSINESS

Reports of Committees Make Excitement During Session.

BUCKMAN BILL PASSES HOUSE

Many Bills Discussed and Oratory Wins—A Poor Showing for the State University at Lak City—New Bills Are Being Introduced.

Special to The Daily Sun.

Tallahassee, May 20.—The Buckman educational bill, known as the Regents' bill, which has been up in the House for several days, after a brief interval, so as to not completely block legislation, was again taken up today, and after several efforts to amend was put to a vote and passed in the House by 35 to 23. Buckman has made the fight of his life on the measure.

Governor Broward vetoed the Jacksonville charter bill yesterday and there is quite a ripple of excitement among the promoters. The Governor gave several good reasons, one being that he believed in local self-government, and the present charter gave them power to change the charter of their city by a direct vote of the people; that the new charter placed all the leading city officers in the hands of the ten councilmen. He also opposed election of councilmen for four years.

In the Senate yesterday only one new bill was introduced in its regular order, Senator Trammell's bill requiring the public schools of both the rural and city districts to be held for equal terms in length.

The report on the condition of the University of Florida was handed into the House yesterday. The committe finds the buildings filthy and the farm mismanaged.

A resolution was offered by Mr. Noble in the House yesterday, calling for a committee to examine into the conduct of those in authority at the Chattahoochee asylum and have the matters adjusted. The resolution was adopted.

The bill creating the county of St. Lucie from a portion of Brevard county, was passed by the Senate yesterday by a vote of 19 to 11.

Terrific Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at all drug stores; price 50c.

Picnic at Millhopper.

A number of the students of East Florida Seminary went yesterday on a picnic to the Devil's Millhopper. There were several couples, and the day was spent in a most delightful manner, the young ladies having prepared delicious lunches for the occasion.

Do Not be Imposed Upon.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for Foley's Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safest for children and delicate persons. Sold by J. W. McCollum & Co.

New Alabama Railroad.

Ashland Ala., May 20.—The first passenger train over the new Alabama Northern railroad from this place to Pyriton was run Wednesday. The line is 7½ miles long and is to be operated by the Louisville and Nashville with which it connects at Pyriton. It was built principally with local capital.

Warning.

You cannot have good health unless your kidneys are sound, for the kidneys filter the blood of impurities which otherwise act as irritating poisons and break down the delicate organs of the body and cause serious trouble. If you have kidney or bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases. Sold by J. W. McCollum & Co.

MOZLEY'S LEMON ELIXIR

REGULATES THE
LIVER,
STOMACH,
BOWELS,
KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

MOZLEY'S LEMON ELIXIR.

William Tell Act Proves Fatal.

Steubenville, O., May 20.—Will Strouss, a 7-year-old white boy, accidentally shot Henry Daggett, a negro of the same age, at Mingo Junction. The bullet entered the left eye and penetrated to the back of the skull. Strouss persuaded Daggett to put a tin can on his head while he took a crack at it with a revolver. He missed the can. Daggett will die.

Had to Ward Off Old Age.

The most successful way of warding off the approach of old age is to maintain a vigorous digestion. This can be done by eating only food suited to your age and occupation, and when any disorder of the stomach appears take a dose of Chamberlain's Stomach and Liver Tablets to correct it. If you have a weak stomach or are troubled with indigestion, you will find these tablets to be just what you need. For sale by all druggists.

Threw Lye In Insulter's Face.

Cleveland, May 20.—Driven to desperation by taunts and insults, Mrs. Mary Downs hurled a can of liquid lye at James Cleary, aged 47, a laborer on the Cleveland and Pittsburg docks, burning his face so badly that he will lose his sight. The acid also struck Cleary's wife and Pat Masterson, aged 25, burning them seriously.

A Good Suggestion.

Mr. C. B. Wainwright of Lemon City, Fla., has written the manufacturers that much better results are obtained from the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy in cases of pains in the stomach, colic and cholera morbus by taking it in hot water as hot as can be drank. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly," he says. For sale by all druggists.

Georgian Elected Moderator.

Fort Worth, Tex., May 20—Dr. J. E. Plunkett, of Augusta, Ga., the newly elected moderator, was in the chair when the second day's session of the general assembly of the Southern Presbyterian church was called to order this morning. The first order of business was the continuation of reports by committees. Among the reports submitted was that of the executive committee of ministerial education. The remainder of the morning session was taken up with the appointment of standing committees by the moderator.

Juggling With Dynamite

Is no more dangerous than to neglect kidney disorders. Foley's Kidney Cure corrects irregularities and has cured many severe cases after other treatment has failed. It builds up the worn out tissues and restores health and vigor. "I was troubled with kidney complaint for about two years," writes A. H. Davis of Mt. Sterling, Iowa, "but two bottles of Foley's Kidney Cure effected a permanent cure." Sold by J. W. McCollum & Co.

Mathushek Pianos,

READ THIS.

Springfield, Tenn., June 11, 1901.

I have been troubled with kidney and bladder troubles for a number of years and severely so, and having noticed the advertisement of Dr. F. W. Hall's Great Discovery, A Texas Wonder, concluded to give it a trial, from which I found great relief, and would recommend it to those similarly afflicted H. H. KIRK.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

TO REMOVE
FRECKLES AND PIMPLES
In 10 days, use
..SATINOLA..
The Complexion Beautifier.

SATINOLA is a new discovery, guaranteed, and money refunded if it fails to remove the worst case of Freckles, Pimples, Tan, Sallowness, Liver Spots, Blackheads, or any skin eruption in 20 days. Leaves the skin clear, soft, healthy, and restores the beauty of youth. Thousands testify to the merits of Satinola.

Miss Alice Lirette writes: Thibodeaux, La., Oct. 15, '04.—"For four years my face was completely covered with freckles and pimples. All remedies failed, until I used two packages of Satinola, which completely removed the freckles and pimples. My complexion is now perfect, and hope every lady having freckles or pimples will try Satinola." Price 50c and $1.00, by leading druggists, or mail.

NATIONAL TOILET CO., Paris, Tenn.

Sold in Gainesville by J. S. Bodiford & Co., J. W. McCollum & Co., W. M. Johnson and all leading druggists.

T. K. Godbey, the nurseryman of Waldo, was a vistor to the city yesterday.

Among the visitors to this city is Sheriff Joseph Perry of St. Augustine, who is a guest of A. T. Davies. Mr. Perry was born and reared in this county and has many friends here who are always glad to see him.

T. W. Shands, the naval stores operator of Otter Creek, is in the city on a visit to his family. Mr. Shands owns a beautiful home on Roper avenue S., and has made his home here on account of the excellent educational advantages.

City Tax Collector T. B. Ellis has his hands full now, since he is engaged in collecting city taxes, city water rents and hospital subscriptions. He is equal to the task, however, and the fellow who "gets around" paying his dues must be a hustler.

Bargains—Splendid lot of 3-inch standard black and 3-inch and 4-inch spival rivited pipe at a bargain. Also large lot of 1-inch, good as new, standard wrought iron pipe and lots of other things. Write me if you need anything. G. W. Moyers, Gainesville, Fla.

The annual meeting of the Twentieth Century Club will be held Monday afternoon, at 3:30, at the residence of Mrs. J. D. Stringfellow, at which time the club will be the guest of the president, Mrs. A. R. Harper. Members are requested to be prepared to pay their dues.

In Ocala recently after a largely attended free concert had been given by Harper & Chase on a Mason & Hamlin piano an elderly lady rushed into the hardware store next door and asked for two dozen Mason & Hamlin fruit jars. "The Mason & Hamlin instruments," the clerk informed her, "have no jars in them."

Attention is called to the advertisement of Harper & Chase, musical dealers, 119 West Main street S., who have a number of bargains which may be secured at right prices and right terms. If you are thinking of buying a piano or organ, buy now, as the terms are right, as will be noted by reference to the advertisement.

Rev. S. B. Rogers of the First Baptist Church has returned from Kansas City and St. Louis, Mo., where he has been attending the session of the Southern Baptist Convention and the union meeting of the Northern and Southern Baptists, the latter meeting being held in St. Louis. He reports a fine and profitable meeting.

Attention is called to the advertisement of Joseph Manasse, which appears elsewhere in this issue. Mr. Manasse has put on a big suit case sale, as he pleases to term it, and will give for the next ten days a beautiful suit case with every purchase of $10 or over. This enterprising merchant has a fine line of clothing and gentlemen's furnishings, dry goods, etc., and his prices are as low as is consistent with good values. See the advertisement, and if you want a suit case free do your trading with Mr. Manasse for the next ten days.
